Sec. 13. (a) ~~Active members may designate a primary beneficiary or beneficiaries and a contingent beneficiary or beneficiaries to receive the member's annuity savings account equally or designated by whole percentage increments upon the death of the member. Contingent beneficiaries shall receive the member's annuity savings account if no primary beneficiaries survive the member. If no primary and no contingent beneficiaries survive the member, the beneficiary shall be the member's estate. In lieu of a named individual, a member may designate a trust, estate, or other legal entity.~~ **"Designated beneficiary" means the person or entity designated by the member on a form approved by INPRS and part of the member's record as of the member's date of death. Beneficiary designations made electronically, via INPRS' website, are deemed to have met the requirements of this subsection.**

(b) ~~Members electing a joint survivor option at retirement shall~~ **may** designate only **more than one (1) person as primary beneficiary for their joint survivor benefits. The beneficiary must be a named individual. to receive the balance of their defined contribution account. Members may also designate more than one (1) contingent beneficiary.**

For example, member X designates three (3) primary beneficiaries as follows: Ann 60%, Bob 30%, and Carl 10%. Ann predeceases member X, and member X does not submit a new beneficiary designation form. Member X had \$10,000 in her annuity savings account (ASA) at the time of her death. Ann's 60% share will be divided between Bob and Carl as follows: Bob \$4,500 and Carl \$1,500. A change of beneficiary designation must be **shall remain in full force and effect until changed by the member.** **Beneficiary designations** made in **on** a manner and form approved by the board and must be filed with the fund before the time of death of the member. A change of beneficiary **member's retirement application supersedes** the designation received after the time of death of the member is not valid. A written beneficiary designation for the ASA or RSA must be witnessed by an individual other than the member's designated beneficiary. Timely electronic beneficiary designations submitted through the fund's website in a form and manner approved by the board shall be deemed to have met the requirements of this rule. **of all previous beneficiaries, unless the notification of retirement is withdrawn, invalid, or voided.**

(f) Upon receipt of evidence the primary beneficiary did not survive the member, the contingent beneficiary is eligible to receive the member's defined contribution account.

(g) A member's RSA shall be combined and distributed according to the member's beneficiary designation for the defined contribution account. A defined contribution account and RSA may not have separate beneficiaries. Once the annuity savings account is moved into a fixed value account in contemplation of retirement, the election cannot be changed. In addition, any annuity savings account contributions posted to a member's account subsequent to the final date on which the member's benefit is processed shall be held in a fixed value account, set at the same rate as the guaranteed fund, until such time as that amount is distributed to the member. SECTION 10. [35 IAC 1.2-6-17.1](#) IS ADDED TO READ AS FOLLOWS:

[35 IAC 1.2-6-17.1](#) Prosecuting attorneys' retirement fund (PARF) retirement benefit computation

Authority: [IC 5-10.5-4-2](#); [IC 33-39-7-11](#)

Affected: [IC 5-10.2-4](#); [IC 33-39-7-16](#)

Sec. 17.1. (a) For PARF benefits computed for a participant who retires on or after July 1, 2017, the benefit is computed as follows:

(1) Calculate the PARF benefit pursuant to [IC 33-39-7-16](#)(c) without regard to any offset. This is the benefit amount to be paid to the participant unless the PERF benefit exceeds the PARF benefit amount.

(2) If the participant is receiving a PERF benefit on the date the participant retires from PARF, the actual PERF benefit amount will offset the amount needed to fund the remainder, if any, of the PARF benefit amount. For example: Tony's PARF benefit is computed to be sixty thousand dollars (\$60,000) per year. Tony's PERF benefit is thirty thousand dollars (\$30,000) per year. Tony's total benefit is sixty thousand dollars (\$60,000) per year, but \$30,000 is paid from the PERF pension fund and the remainder from the PARF pension fund.

(3) If the participant is age and service eligible to retire from PERF but is not receiving a PERF pension on the date the participant retires from PARF, the cost of the total benefit being paid from the PARF pension fund is reduced by the amount that would have been paid to the participant if the participant had retired from PERF at the same time the participant retired from PARF. For example: Lindsay retires from PARF, but not from PERF. Lindsay's total PARF pension benefit is computed to be sixty thousand dollars (\$60,000) per year. If Lindsay had retired from PERF her PERF pension benefit would have been computed to be twenty thousand dollars (\$20,000) per year. Lindsay will receive from the PARF pension fund forty thousand dollars (\$40,000) per year.

(4) A participant described in subsection 3 [subdivision (3)] is entitled to a recalculation of benefits based on the actual PERF pension benefit received by the participant upon retirement from PERF. For example: Lindsay now retires from PERF and she is being paid fifteen thousand dollars (\$30,000) [sic] per year. Lindsay will receive sixty thousand dollars (\$60,000) per year of which thirty thousand dollars is paid from the PARF pension fund and the remainder from the PERF pension fund.

(5) If the participant is not age and service eligible to receive a PERF pension benefit on the date that the participant retires from PARF, then there is no reduction in the amount of benefits paid from the PARF pension fund. For example: Mary has eight (8) years as a prosecutor and eight (8) years of PERF service when she retires from PARF. Mary's total PARF benefit will be paid from the PARF pension fund without any reduction from PERF.

(6) The actual PERF pension benefit being paid to the participant is used to offset the amount to be paid from the PARF pension fund for a participant who is receiving an in-service PERF benefit under [IC 5-10.2-4-8.2](#) (elected officials and Millie Morgan) while continuing to work in a PARF covered

position when the participant begins receiving a PERF in-service benefit. For example: Jodi is eligible to and makes an election to begin receiving her PERF pension benefit while still serving in a PARF position. Since no other PERF pension benefits may accrue, the actual PERF pension benefit being paid to Jodi at the time she retires from PARF is used to offset the total cost the PARF pension amount being paid from the PARF pension fund.

(b) In the event that the PERF pension benefit exceeds the PARF benefit, the participant is entitled to withdraw from PARF the total sum contributed by the participant plus interest at a rate determined by board under [35 IAC 1.2-1-6](#) [[35 IAC 1.2-1-6](#)].
